SUBJECT INDEX*

A

Abdominal bleeding, shoulder pain as overlooked symptom in (LeSage), 194
Abuse of alcohol, use and, further perspectives on (Halpern and Davis), 49
Accident injuries, auto, responsibility for (George), 354
Accidental injury (Hughes), 274
Acquired immune deficiency syndrome, AIDS (Miles), 254
Acute low back strain and sprain, initial therapy for (Hughes), 219
Advocacy experience, ED patient-family, for nursing students (Stewart, Heffernan, and Smith), 268
  neutrality, or paternalism in dealing with a patient who will not accede to recommended treatment (Robbins), 53
Aftercare instruction, Indochinese (Henkel), 100
Afterload, preload and, revisited (Hedges), 262
AIDS, acquired immune deficiency syndrome (Miles), 254
  brochure (Hughes), 340
Alcohol, use and abuse of, further perspectives on (Halpern and Davis), 49
Anaheim, see you in (Nicoll), 117
Anorexia nervosa and bulimia, an overview of (Cousins), 343
Anti-inflammatory drugs, nonsteroidal (Halpern and Davis), 104
Auto accident injuries, responsibility for (George), 354

B

Back, low, acute strain and sprain, initial therapy for (Hughes), 219
  pain, low, rapid triage assessment of (Secor), 17
Battered women, life patterns and emergency care of (Billy), 251
Bereavement, grief and, dealing with, in emergency department (Robbins), 228
Blue Ribbon Commission, EDNA, findings to be revealed (Lenehan), 239 (Editorial)
Breaking conspiracy of silence (Robbins), 109
Bulimia, anorexia nervosa and, an overview of (Cousins), 343

C

Cardiogenic shock, a review of (Hammond), 201
Care providers, prehospital, in emergency department (Westra), 241 (Guest editorial)
Case study in prehospital care (Budassi), 121
Cervical spine immobilization, a sampling of (Vermeer), 174
Chest pain in young adults, two sources of, mitral valve prolapse and idiopathic hypertrophic subaortic stenosis as (Oertel and Love), 21
  trauma (Budassi), 356
Codeine overdose, glutethimide and (Chartier), 307
Comatose patient, a case study of (Henry), 91
Commission, EDNA Blue Ribbon, findings to be revealed (Lenehan), 239 (Editorial)
Communication problems in emergency department (George), 288
Community health education, role of ED nurse in (Cearley-Symm), 327
Computer-assisted management in emergency department (Walrath), 235
  data system for emergency services (Beach and Friese), 206
Conspiracy of silence, breaking (Robbins), 109
Convoluted scope of emergency care (Robbins), 283
Cost-effective issues of 1980s, productivity and staffing as (Anderson and McCall), 172
Cyanide posioning, an uncommon encounter with (Holland), 138

D

Data system, computer, for emergency services (Beach and Friese), 206
Dealing with grief and bereavement in emergency department (Robbins), 228
Designation, trauma center, as truth or trash (Budassi), 1 (Guest editorial)
Development and design of ED nursing flow sheet (Selfridge, Nitta, and Saltzer), 30
Disaster, understanding psychologic reactions to (Demi and Miles), 11
Discharge referrals (Brown and Trimberger), 44
Disorders, seizure (Hughes), 154
Dosages, pediatric, in seconds (Schilly), 294
Drugs, use of, during pregnancy (Halpern and Davis), 160

E

ED nursing flow sheet, development and design of (Selfridge, Nitta, and Saltzer), 30
  patient-family advocacy experience for nursing students (Stewart, Heffernan, and Smith), 268
Editorial (Lenehan), 67
EDNA Blue Ribbon Commission findings to be revealed (Lenehan), 239 (Editorial)
EDNA's new year (Ernst), 301 (President's message)
Education, community health, role of ED nurse in (Cearley-Symm), 327

*January/February, pp 1-64; March/April, pp 65-116; May/June, pp 117-182; July/August, pp 183-238; September/October, pp 239-300; November/December, pp 301-368.

Emergency care knowledge of senior nursing students (Kruse), 27
department, use of, by patients with nonurgent conditions (Powers, Reichelt, and Jalowiec), 145
nursing standards completed (Lenehan), 183 (Editorial)
services computer data system (Beach and Friese), 206
Ethics, uncertainty and, in implications for provision of care (Robbins), 167
Ethylene glycol intoxication (Scherger et al), 71
Excellence, promoting, in emergency department (Vestal), 290

F

Fair, Knoxville World's (1982), impact on one emergency department by (Campbell and Boling), 310
Films, x-ray, understanding (Walker), 315
Flow sheet, ED nursing, development and design of (Selfridge, Nitta, and Saltzer), 30
trauma (Budassi), 61
Frequently used mnemonics in emergency care (Budassi), 237

G

Glutethimide and codeine overdose (Chartier), 307
Goal for 1985, elimination of tetanus in United States as (Halpern), 276
Grief and bereavement, dealing with, in emergency department (Robbins), 228
Grieving spouses in sudden death situations, needs of, a pilot study on (Fanslow), 213

H

Handling radiation emergencies, no need to fear in (Miller and DeMuth), 141
Health education, community, role of ED nurse in (Cearley-Symm), 327
Hepatitis B and ED nurses, disease, risks, and vaccine and (Stenberg), 125
Herpes simplex virus infections, answers for patients on (Miles), 129
Homeless men and women, profile of, using urban shelter (Cousins), 133
Hypothermia (Rich), 8

I

Idiopathic hypertrophic subaortic stenosis, mitral valve prolapse and, as two sources of chest pain in young adults (Oertel and Love), 21
Immobilization, cervical spine, a sampling of (Vermeer), 174
Immune deficiency syndrome, acquired, AIDS (Miles), 254
Indochinese aftercare instruction (Henkel), 100
Infant care, nonemergency, why parents use emergency department for (Wabschall), 37
Infections, herpes simplex virus, answers for patients on (Miles), 129
Injury(ies), accidental (Hughes), 274
auto accident, responsibility for (George), 354
lightning (Smith), 248
Intoxication, ethylene glycol (Scherger et al), 71

J

JCAH survival guidelines for 1983 (Sparger), 114

K

Knoxville World's Fair (1982), impact on one emergency department of (Campbell and Boling), 310

L

Life patterns and emergency care of battered women (Billy), 251
Lightning injuries (Smith), 248
Low back pain, rapid triage assessment of (Secor), 17
strain and sprain, acute, initial therapy for (Hughes), 219

M

Making quality assurance work in emergency department (Walts and Blair), 59
Management, computer-assisted, in emergency department (Walrath), 235
Marketing one hospital's emergency department (Frank and McGovern), 324
Megavitamins, therapeutic, or threat to health (Halpern), 346
Mitral valve prolapse and idiopathic hypertrophic subaortic stenosis as two sources of chest pain in young adults (Oertel and Love), 21
Mnemonics, frequently used, in emergency care (Budassi), 237

N

Needs of grieving spouses in sudden death situations, a pilot study on (Fanslow), 213
Neutrality, advocacy, or paternalism in dealing with a patient who will not accede to recommended treatment (Robbins), 53
New year, EDNA's (Ernst), 301 (President's message)
Nonemergency infant care, why parents use emergency department for (Wabschall), 37
Nonsteroidal anti-inflammatory drugs (Halpern and Davis), 104
Nonurgent conditions, use of emergency department by patients with (Powers, Reichelt, and Jalowiec), 145
Notification guidelines, telephone (Davidhizar and Monhaut), 259
telephone, risks of (George), 171

Nurse residency program in pediatric emergency care (Iffland et al), 196
Nursing criteria for trauma center site review (Carl), 74
standards, emergency, completed (Lenehan), 183 (Editorial)
students, ED patient-family advocacy experience for (Stewart, Heffernan, and Smith), 268
senior, emergency care knowledge of (Kruse), 27
theories and emergency nursing (Hughes), 95

O

Overdose, glutethimide and codeine (Chartier), 307

P

Pain, chest, two sources of, in young adults, mitral valve prolapse and idiopathic hypertrophic subaortic stenosis as (Oertel and Love), 21
low back, rapid triage assessment of (Secor), 17
Parents use emergency department for nonemergency infant care, why (Wabschall), 37
Paternalism, neutrality, or advocacy in dealing with a patient who will not accede to recommended treatment (Robbins), 53
Pediatric dosages in seconds (Schilly), 294
emergency care, nurse residency program in (Iffland et al), 196
Poisoning, cyanide, an uncommon encounter with (Holland), 138
Pregnancy, use of drugs during (Halpern and Davis), 160
Prehospital care, case study in (Budassi), 121
providers in emergency department (Westra), 241 (Guest editorial)
Preload and afterload revisited (Hedges), 262
President's message (Nicoll), 65
Productivity and staffing as cost-effective issues of 1980s (Anderson and McCall), 172
Profile of homeless men and women using urban shelter (Cousins), 133
Prolapse, mitral valve, and idiopathic hypertrophic subaortic stenosis as two sources of chest pain in young adults (Oertel and Love), 21
Promoting excellence in emergency department (Vestal), 290
Protocol and chart, rape victim, for use in emergency department (Lenehan, Bowie, and Ruksnaitis), 83
Psychologic reactions to disaster, understanding (Demi and Miles), 11

Q

Quality assurance in emergency department, making it work (Walts and Blair), 59

R

Radiation emergencies, handling, no need to fear in (Miller and DeMuth), 141
Rape victim protocol and chart for use in emergency department (Lenehan, Bowie, and Ruksnaitis), 83
Rapid triage assessment of low back pain (Secor), 17
Reactions to disaster, understanding psychologic (Demi and Miles), 11
Referrals, discharge (Brown and Trimberger), 44
Refuse medical treatment, right to (George), 234
Residency program, nurse, in pediatric emergency care (Iffland et al), 196
Right to refuse medical treatment (George), 234
Risks of telephone notification (George), 171
triage (George), 112
vaccine, and disease, hepatitis B and ED nurses and (Stenberg), 125

S

Satisfaction, stress and, sources of, in emergency nursing (Burns, Kirilloff, and Close), 329
Scope, convoluted, of emergency care (Robbins), 283
See you in Anaheim (Nicoll), 117
Seizure disorders (Hughes), 154
Senior nursing students, emergency care knowledge of (Kruse), 27
Shock, cardiogenic, a review of (Hammond), 201
Shoulder pain as overlooked symptom in abdominal bleeding (LeSage), 194
Silence, breaking conspiracy of (Robbins), 109
Site review, trauma center, nursing criteria for (Carl), 74
Sources of stress and satisfaction in emergency nursing (Burns, Kirilloff, and Close), 329
Speed, street (Halpern), 224
Spine immobilization, cervical, a sampling of (Vermeer), 174
Sponging, tepid (Donahue), 78
Sprain, strain and, acute low back, initial therapy for (Hughes), 219
Staffing, productivity and, as cost-effective issues of 1980s (Anderson and McCall), 172
Standards, emergency nursing, completed (Lenehan), 183 (Editorial)
Strain and sprain, acute low back, initial therapy for (Hughes), 219
Street speed (Halpern), 224
Stress and satisfaction, sources of, in emergency nursing (Burns, Kirilloff, and Close), 329
Students, nursing, ED patient-family advocacy experience for (Stewart, Heffernan, and Smith), 268
Sudden death situations, needs of grieving spouses in, a pilot study on (Fanslow), 213
Survival guidelines, JCAH, for 1983 (Sparger), 114

T

Telephone notification guidelines (Davidhizar and Monhaut), 259
risks of (George), 171
Tepid sponging (Donahue), 78

Tetanus, elimination of, in United States as goal for 1985 (Halpern), 276
Theories, nursing, and emergency nursing (Hughes), 95
Therapeutic megavitamins or threat to health (Halpern), 346
Trauma center(s) designation, truth or trash in (Budassi), 1 (Guest editorial)
site review, nursing criteria for (Carl), 74
truth about (Flint), 185 (Guest editorial)
chest (Budassi), 356
flow sheet (Budassi), 61
Triage assessment, rapid, of low back pain (Secor), 17
risks (George), 112

U

Uncertainty and ethics, implications for provision of care in (Robbins), 167
Understanding psychologic reactions to disaster (Demi and Miles), 11
x-ray films (Walker), 315
Urban shelter, profile of homeless men and women using (Cousins), 133
Use and abuse of alcohol, further perspectives on (Halpern and Davis), 49
Use—cont'd
of drugs during pregnancy (Halpern and Davis), 160
of emergency department by patients with nonurgent conditions (Powers, Reichelt, and Jalowiec), 145

V

Vaccine, disease, and risks, hepatitis B and ED nurses and (Stenberg), 125
Virus infections, herpes simplex, answers for patients on (Miles), 129
Volunteers in emergency department (George), 57

W

Why parents use emergency department for nonemergency infant care (Wabschall), 37
World's Fair, Knoxville (1982), impact on one emergency department of (Campbell and Boling), 310

X

X-ray films, understanding (Walker), 315
